## **EMTEQ Offers Extensive Line of FAA Certified Products**

*Installation of existing STC and PMA approved products reduces lead time and cost for aircraft operators.*

**New Berlin, Wis., USA (April 21, 2009)** – EMTEQ, a leading provider of custom engineered and certified products and systems for the aviation industry, expands its list of PMA products to include LED interior lighting products. Parts Manufacturing Approval guarantees product airworthiness and often expedites and simplifies the installation and certification process for aircraft operators.

Certified products include several variations of LED reading lights, dome lights, accent lights, and ceiling and sidewall wash lights as well as EMTEQ's proprietary ELEMENTS™ Seat Heating System. These products are suitable for a variety of applications on corporate, air transport, and Head of State/VIP aircraft.

EMTEQ holds PMA on products for multiple aircraft OEM platforms, including:

- Airbus
- Boeing
- Bombardier
- Dassault Falcon Jet
- Gulfstream
- Hawker Beechcraft
- Pilatus
